

Camping Answers

Yes, the camping will be done the same as last year in the Livestock Camping area. We are trying to improve the camping experience at Fair for exhibitors & Board members.

- Fill out application & submit application by July 9, 2022. Don't send money. If there is a group that wants spots together please note on application.
- 8 names will be drawn to receive the power water spaces in the Livestock area.
- Those 8 people will be notified July 11th, 2022 by 10am.
- If we don't notify you by July 12th that you have power/water then you will need to plan on a generator/fans.
- July 23rd is Clean-up Day. You will pay for camping & passes at that time. That portion won't change.
- We need to keep the fire lanes open at all times. Park within your designated camping area.
